language

portuguese, english,
spanish (basic), french
(basic)

programming

C, C++, C#, Java
Scala,
SQL
Javascript, PHP
CSS3 & HTML5
Prolog, Haskell

about

From an early age understanding how computers and software were made was one of my main objectives.

In 2011, I chose MIEIC (Master in Informatics and Computing Engineering) as my home for the next five years and now as this stage comes to an end I think that my choice and the experience that followed was one of the most enriching phases of my life.

At FEUP, I learned to value teamwork, mutual help spirit and above all that we should always be ready and eager to learn more.

education

since 2011 **Informatics and Computation Engineering**
Master, Grade: 15

FEUP @ U.Porto

experience

now	Ventureoak, Portugal <i>Full Stack Web Developer</i>	Programmer
01-10-2014	Ventureoak, Portugal <i>Full Stack Web Developer</i>	Programmer
21-07-2014	Ventureoak, Portugal <i>Web Platforms and Technologies</i>	Internship

frameworks

php	Symfony2 Knowledge: Very Good
php	Phalcon Knowledge: Very Good
javascript	Sails.js Knowledge: Very Good
javascript	Jquery Knowledge: Very Good
javascript	Angularjs Knowledge: Good
css3 & html5	Materialize Knowledge: Good
css3 & html5	Bootstrap Knowledge: Good
